WEBSITE PROPOSAL

# A website worthy of Credo's portfolio.

A professional corporate website for Credo Energy Group — clarity across six verticals, trustworthy About and contact, and enquiry paths built for serious buyers.

PREPARED FOR

**Credo Energy Group**

## ■ LETTER FROM THE FOUNDER

# Dear Credo Leadership,

I reviewed your public website carefully before preparing this proposal — not to sell a redesign for its own sake, but to understand what Credo is building and whether the digital layer matches it.

On **credogroupllc.com**, Credo Energy Group presents itself as a Tanzanian conglomerate advancing sustainable development, innovation, and industrial transformation. Your publicly listed portfolio spans smart solar cooling (Solar Breeze, Solar Tower, Solar Force), smart utilities and meters, renewables, EV solutions, drone technology, and an emerging digital & telecom agenda — including CREDO™ TELECOM as an upcoming ISP.

That breadth is rare. It also raises a precise question: *does the website currently communicate the seriousness of that portfolio to customers, partners, and institutional counterparts?*

From a public review in July 2026, there is clear opportunity — stronger product storytelling, accurate About and contact facts, enquiry forms aligned to energy (not web design), and copy that replaces filler with Credo's real voice.

This document proposes a **website engagement only**. Social media is proposed separately and is out of scope here. Our recommendation is a Professional Presence build — site, SEO, and local profile — plus quote intake, review hygiene, and professional copywriting, stewarded under Professional Care after launch.

I look forward to the conversation.

---

**Karen Marie Kasigila**

Founder, KasiTech

Technology that helps businesses move faster.

**SCOPE OF THIS DOCUMENT**

Website · SEO · Local profile · Quote system · Copywriting · Care. Social media is proposed in a separate document.

# Website engagement at a glance.

|                                                                                                                                                                                                                                                                                                                                                     |                                                                                                              |                                                                                                |

## ■ PORTFOLIO MAP

## Six verticals. One group story.

Publicly, Credo Energy Group is a Tanzanian conglomerate spanning energy, utilities, mobility, and digital infrastructure. The website must make that map unmistakable in seconds.

## PUBLIC CONTACT (FOOTER)

+255 686 882 769 · info@credogroupllc.com · Dar es Salaam (Africana / P.O. Box listed on site)

## DESIGN IMPLICATION

Homepage and navigation must surface all six verticals without burying flagship Solar AC — or collapsing the group into a single product page.

CURRENT DIGITAL ASSESSMENT

# What a public review of credogroupllc.com shows.

Observations from publicly visible pages only (July 2026). Not a confidential audit. We do not invent projects, revenue, or headcount.

PLATFORM & PRESENCE

- Live WordPress site at credogroupllc.com (theme / plugin signatures visible in public HTML)
- Portfolio breadth is listed — solar AC, utilities, renewables, EV, drones, digital & telecom
- Instagram handle discovered in research: @credoenergygroup\_ltd — ownership to be confirmed with Credo

TRUST & ABOUT

- About page shows theme-style placeholder team names (e.g. Nina Soraia, Manuel Vanel, Joana Doe)
- Statistics on About appear zeroed — weak institutional signal
- Footer copyright includes typographical error (“All Rlght Reserved.”)

CONTACT CONSISTENCY

- Footer: Dar es Salaam · +255 686 882 769 · info@credogroupllc.com
- Contacts page also mentions Melbourne — inconsistent with footer location story
- Buyers and partners should not have to reconcile office geography from the public site

ENQUIRY MISALIGNMENT

- Contact form options publicly include Web Design, Branding, Web APS, Graphic Support
- Taxonomy fits a creative agency — not an energy & infrastructure conglomerate
- Quote / consultation intent is diluted before sales can qualify the lead

ASSESSMENT SUMMARY

Credo’s public portfolio already signals multi-vertical ambition. The website currently understates that seriousness through placeholder About content, inconsistent contact cues, and misaligned form options. The opportunity is a coherent professional presence — not more pages for their own sake.

TRANSFORMATION SPREAD

# From template residue to boardroom-ready presence.

## Today

- ✗

**Placeholder About & zeroed stats**  
Theme leftovers undermine partner confidence.
- ✗

**Melbourne vs Dar es Salaam cues**  
Contact geography is inconsistent on public pages.
- ✗

**Web Design / Branding form options**  
Enquiry taxonomy misaligned with energy offering.
- ✗

**Portfolio listed, not staged**  
Six verticals exist; storytelling and IA do not yet match.

## Recommended

- ✓

**Credo-authored About & leadership**  
Copywriting up to 10 pages replaces filler with real voice.
- ✓

**Single, verified contact truth**  
Dar es Salaam facts + GBP local profile, confirmed with you.
- ✓

**Quote Request System**  
Energy-aligned intake — residential, commercial, municipal, distributor.
- ✓

**Six-vertical portfolio grid + flagship Solar AC**  
Homepage stages the group; product pages go deep.

RECOMMENDED WEBSITE EXPERIENCE

# Picture the homepage — brand gravity, then portfolio, then proof.

|                                                                                                                                                                 |                                                                                                                                                                                     |                                                                                                                                                                  |                                                                                                                                         |                                                                                                                                   |

| <p>01</p> <p><b>Hero</b></p> <p>Full-bleed solar / city atmosphere. Credo name as brand signal. One headline. One short line. Primary CTA: Request a quote.</p> | <p>02</p> <p><b>Portfolio grid</b></p> <p>Six equal vertical tiles — Solar AC, Utilities, Renewables, EV, Drones, Digital &amp; Telecom — each linking into its catalogue path.</p> | <p>03</p> <p><b>Flagship Solar AC</b></p> <p>Spotlight Solar Breeze / Tower / Force with clear next step into product detail — not buried in a generic list.</p> | <p>04</p> <p><b>Proof</b></p> <p>Projects / case-study strip ready for Credo-supplied deployments. Empty claims are never invented.</p> | <p>05</p> <p><b>Enquiry</b></p> <p>Segmented quote path — audience and vertical first — replacing misaligned contact options.</p> |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|

VISUAL DIRECTION

Quiet confidence. Dark charcoal / white / Credo energy imagery. Accent used sparingly for CTAs and wayfinding. Motion: reveal on scroll, soft focus on vertical tiles, progress on form steps — never decorative noise.

MOBILE-FIRST

Field and executive mobile use first; desktop expands the same hierarchy. Quote CTA always within one thumb-reach of product interest.

# Homepage · Products · Projects — page walkthrough.

Conceptual frames so leadership can picture the experience. Not final UI polish.

|                                                                                                                                                                                    |                                                                                                                                                                       |                                                                                                                                                                                |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

- 01

Homepage

Visitor lands on brand-led hero. Within one scroll they see all six verticals. Flagship Solar AC is staged, not lost. Primary action is quote — not a vague “contact us.”
- 02

Products

Catalogue organised by vertical. Solar AC detail pages carry model clarity (Breeze / Tower / Force). Utilities, renewables, EV, drones, and digital each get a coherent path — up to the WEB-PRO page budget.
- 03

Projects

Project and case-study modules (included in WEB-PRO) hold real deployments when Credo supplies them. Until then, structure exists without invented claims.

# About · Contact / Quote — trust and conversion surfaces.

The pages that currently hurt credibility the most — redesigned for institutional confidence.

|                                                                                                                                                                       |                                                                                                                                                                        |

## About — what changes

- ✓ **Credo-supplied leadership**  
Placeholder names removed; Team module holds real people.
- ✓ **Professional copy (COPY-10)**  
Up to 10 pages — About, product intros, and key landing narratives.
- ✓ **Stats only when verified**  
Zeroed counters go; figures appear only when Credo confirms them.

## Contact / Quote — what changes

- ✓ **Quote Request System (ADD-QUOTE)**  
Purpose-built intake replacing Web Design / Branding options.
- ✓ **Audience + vertical fields**  
Residential · Commercial · Municipal · Distributor — routed cleanly.
- ✓ **One contact truth**  
Phone, email, and Dar es Salaam location aligned; Melbourne cue resolved with you.

### ALSO INCLUDED IN THE PROFESSIONAL WEBSITE PACKAGE

Blog/News · Resource Centre · Careers · Case Studies · Analytics baseline — available within WEB-PRO's page/template budget. We prioritise with Credo in discovery; we do not charge these modules again as add-ons.

# Structure mapped to commercial value.

| Projects · Case Studies      | Proof architecture ready for Credo-supplied deployments — no invented portfolio.               | WEB-PRO · INCLUDED  |
| Team · Resources · Careers   | Institutional pages that replace placeholders and support hiring and partner diligence.        | WEB-PRO · INCLUDED  |
| Professional SEO Setup       | Technical and on-page foundations so vertical keywords can compete — not theme defaults.       | SEO-PRO · IN BUNDLE |
| Google Business Profile      | Local findability aligned to verified Dar es Salaam contact facts.                             | LOC-GBP · IN BUNDLE |
| Quote Request System         | Energy-aligned intake — fixes the live site's Web Design / Branding form mismatch.             | ADD-QUOTE           |
| Review Strategy Setup        | Trust hygiene — guide customers to leave and find reviews where buyers look.                   | LOC-REV             |
| Copywriting · up to 10 pages | Replace filler About and product copy with Credo's professional voice.                         | COPY-10             |

Social media is out of scope for this proposal and is covered in a separate document.

INVESTMENT BREAKDOWN

Catalog-valid pricing — every line justified.

| ONE-TIME WEBSITE INVESTMENT | MONTHLY THEREAFTER |
|-----------------------------|--------------------|
| TSh 4,800,000               | TSh 150,000 / mo   |

| CODE      | LINE ITEM                                                                                                                     | WHY THIS LINE                                                                                                                                                                                         | AMOUNT    |
|-----------|-------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| BND-PRES  | <b>Professional Presence bundle</b><br>Includes WEB-PRO (TSh 3,250,000 value) + SEO-PRO (TSh 750,000) + LOC-GBP (TSh 150,000) | Core corporate site for a multi-vertical group: advanced IA, up to 20 pages/templates, proof modules, SEO, and Google Business Profile. Standalone would be TSh 4,150,000 — bundle saves TSh 400,000. | 3,750,000 |
| ADD-QUOTE | <b>Quote Request System</b>                                                                                                   | Live contact form options include Web Design / Branding — misaligned with Credo’s energy offering. Purpose-built quote intake restores commercial fit.                                                | 300,000   |
| LOC-REV   | <b>Review Strategy Setup</b>                                                                                                  | Trust hygiene alongside GBP — guide customers to leave and find reviews where institutional and consumer buyers look.                                                                                 | 100,000   |
| COPY-10   | <b>Copywriting · up to 10 pages</b>                                                                                           | About page shows placeholder team names and zeroed stats; product copy needs a professional voice. Replaces filler — does not invent facts Credo has not confirmed.                                   | 650,000   |

|                                         |               |
|-----------------------------------------|---------------|
| ONE-TIME TOTAL                          | TSh 4,800,000 |
| 3,750,000 + 300,000 + 100,000 + 650,000 |               |

ONGOING PARTNERSHIP

# Professional Care — after launch, the site stays sharp.

CARE-PRO · PROFESSIONAL CARE

**TSh 150,000** /month

Monthly professional care for a higher-stakes digital presence. Exact hours, SLA, and backup allowances are confirmed in writing with your quotation.

### Stewardship

Updates, monitoring posture, and continuity so Credo’s site does not drift back into template neglect.

### Content support

Room within the Professional tier to keep key pages current as products and messaging evolve — confirmed in quotation.

### Partnership rhythm

A continuous monthly relationship — not a “fix it when it breaks” vendor model.

HOW CARE SITS AFTER LAUNCH

WHAT CARE IS NOT

Care is not a rebuild, a new vertical launch, or social media management. Major new scope is quoted separately. Social is proposed in a separate document.

### BILLING

Professional Care is billed monthly in advance, commencing at launch (or as agreed in the quotation). One-time website fees follow the 40% / 40% / 20% schedule on page 03 and 15.

DELIVERY PLAN

# Eight to ten weeks — discovery to launch readiness.

|            |                                                                                                                                                                                                                                                      |
|------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Weeks 1–2  | <div><div></div><div><b>Discovery &amp; IA</b> KICKOFF · CONTENT AUDIT · ARCHITECTURE · CONTACT TRUTH WORKSHOP</div></div> <div>Confirm vertical priorities, Melbourne/Dar facts, leadership assets, and quote fields with Credo stakeholders.</div> |
| Weeks 3–4  | <div><div></div><div><b>Design system &amp; key templates</b> HOMEPAGE · PRODUCT · ABOUT · QUOTE — DESIGN APPROVAL GATE</div></div> <div>Visual direction locked; 40% design-approval payment unlocks full build.</div>                              |
| Weeks 5–7  | <div><div></div><div><b>Build · CMS · Quote · SEO · GBP</b> WEB-PRO MODULES · ADD-QUOTE · SEO-PRO · LOC-GBP · LOC-REV</div></div> <div>Copywriting (COPY-10) lands on priority pages as Credo reviews drafts.</div>                                  |
| Weeks 8–10 | <div><div></div><div><b>QA · Training · Launch readiness</b> UAT · OPERATOR TRAINING · GO-LIVE CHECKLIST · CARE-PRO START</div></div> <div>Final 20% on launch readiness, prior to go-live.</div>                                                    |

## Deliverables checklist

|                                                                                     |                                                                       |
|-------------------------------------------------------------------------------------|-----------------------------------------------------------------------|
| <input checked="" type="checkbox"/> Professional website · up to 20 pages/templates | <input checked="" type="checkbox"/> Advanced information architecture |
| <input checked="" type="checkbox"/> Blog/News · Projects · Case Studies             | <input checked="" type="checkbox"/> Team · Resource Centre · Careers  |
| <input checked="" type="checkbox"/> Quote Request System                            | <input checked="" type="checkbox"/> Professional SEO Setup            |
| <input checked="" type="checkbox"/> Google Business Profile setup                   | <input checked="" type="checkbox"/> Review Strategy Setup             |
| <input checked="" type="checkbox"/> Copywriting · up to 10 pages                    | <input checked="" type="checkbox"/> Analytics baseline                |
| <input checked="" type="checkbox"/> Operator training                               | <input checked="" type="checkbox"/> Professional Care commencement    |

**PARTNERSHIP**

# Why KasiTech — and what happens next.

|                                                                                                                                                                                                |                                                                                                                                                                   |                                                                                                                                                                             |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Evidence before decoration</b><br><br>This proposal is grounded in a public review of credogroupplc.com — placeholders, contact inconsistency, misaligned forms — not generic pitch slides. | <b>Catalog discipline</b><br><br>Every line maps to approved catalog codes (BND-PRES, ADD-QUOTE, LOC-REV, COPY-10, CARE-PRO). No invented SKUs or shadow pricing. | <b>Long-term posture</b><br><br>Build once with Professional Presence; steward with Professional Care. Social can join later via its own proposal — clean scope boundaries. |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
