Purpose

Credo engages KasiTech to provide social media management services as described in Proposal KT-CEG-SOC-2026-001. This Agreement states the terms of the engagement.

If there is a conflict between the terms of this Agreement and the terms of the Proposal, the Proposal remains the descriptive scope reference (voice, pillars, calendar shape).

Separate engagements
Website design, build, SEO, and web analytics are separate engagements. Credo also signs a website agreement, that work is governed by KT-CEG-WEB-AGR-2026-001 (or its successor).
Neither agreement requires acceptance of the other.

04 · Fees & Payment
Commercial Terms

Fees and how payment works.

Plan	Social Pro (SOC-PRO)
Monthly fee	TSh 1,000,000
Payment	Monthly in advance
First invoice	Due on signing (or on the agreed start date if later), covering the first service month
Optional setup	ADS-META-S Meta Ads Setup · TSh 200,000 one-time · only if Credo elects it in writing. Media spend is separate and paid by Credo to the platform.
Taxes	Fees exclusive of any taxes that may apply by law

Invoicing
KasiTech invoices in TSh. Payment instructions appear on each invoice. Service may pause if an invoice remains unpaid after a reasonable reminder.
Fee changes
SOC-PRO stays at the catalog fee stated here unless both parties agree in writing to a different plan or a material scope change. Catalog revisions in future price books do not automatically change an active signed month; changes apply only with notice and agreement for subsequent months.

Ad spend
Any advertising media budget is Credo’s cost, paid directly to Meta (or other platforms). KasiTech does not mark up media spend under this Agreement unless a separate ads management engagement is signed.

05 · Operating Terms
How We Work

Calendar, approvals, and kickoff needs.

Operating rhythm

Calendar	KasiTech issues a monthly content calendar for Credo review before production lock.
Approvals	Credo names one approver. Target: feedback within 2 business days. Silence after a written reminder may be treated as approval for scheduled items that are factually based on Credo-supplied material.
Revisions	Reasonable revisions within the approved calendar are included. Material new concepts after lock may move to the next cycle or be quoted as extra.
Community hours	Business hours East Africa Time, Monday to Friday, unless otherwise agreed in writing.
Voice	Institutional, clear, and credible. Not meme-driven. Aligned to the Brand Voice direction in Proposal KT-CEG-SOC-2026-001.

Kickoff needs from Credo

Instagram and Facebook admin / Business Manager roles. Confirm ownership of handles (including @credoenergygroup_ltd if used).

Ownership & Conduct

Who owns what, and how we protect Credo.

Credo materials	Brand assets, photos, trademarks, and claims Credo supplies remain Credo’s. Credo grants KasiTech a licence to use them to perform this Agreement.
Creative deliverables	On payment for the relevant month, Credo may use the creatives produced for that month on its channels. KasiTech may keep working files and reuse generic techniques and templates.
Stock / tools	Licensed stock, fonts, or tools remain under their own licences. KasiTech will not knowingly use assets Credo cannot publish.
Portfolio	Unless Credo objects in writing, KasiTech may show anonymised or named Credo social work in its portfolio after posts are public.
Confidentiality	Non-public business information stays confidential and is used only to perform this Agreement, except where disclosure is required by law or already public through no fault of the receiving party. Continues 3 years after the Agreement ends.
No invented claims	KasiTech will not invent Credo projects, performance metrics, or endorsements. Missing facts are flagged, not fabricated.
Platform rules	Both parties will respect Meta and other platform terms. Credo remains the account owner.

Comments and crises
Routine community replies are included in business hours. Issues that look like a public crisis, legal dispute, or major PR event should be escalated to Credo’s approver immediately. Extended crisis support may be quoted separately.

Suspension	KasiTech may pause publishing if invoices are unpaid after reminder, or if Credo withdraws channel access.
Limitation	Except for unpaid fees, confidentiality breaches, or wilful misconduct, each party's total liability under this Agreement is limited to the fees paid to KasiTech in the 3 months before the claim. Neither party is liable for indirect or consequential loss, including platform algorithm changes.
Status	KasiTech is an independent contractor, not Credo's employee or partner.
