

WEBSITE PROPOSAL

A website that matches Credo's portfolio.

A clear corporate website for Credo Energy Group: six verticals easy to find, an accurate About and contact story, and enquiry paths built for real buyers.

PREPARED FOR
Credo Energy Group

■ LETTER FROM THE FOUNDER

Dear Credo Leadership,

I looked at your site before writing this. The portfolio is serious. The website does not always match that yet.

On **credogroupllc.com**, Credo Energy Group presents as a Tanzanian conglomerate working across sustainable development, innovation, and industrial projects. Publicly listed work includes smart solar cooling (Solar Breeze, Solar Tower, Solar Force), smart utilities and meters, renewables, EV solutions, drone technology, and an emerging digital and telecom agenda, including CREDO™ TELECOM as an upcoming ISP.

That breadth is rare. The question this proposal answers is practical: can a buyer, partner, or tender reviewer understand Credo clearly in the first minute?

From a public review in July 2026, the gaps are concrete. Product storytelling can be stronger. About and contact facts need cleaning. Enquiry forms should talk about energy, not web design. Copy should sound like Credo, not a theme demo.

This document is a **website engagement only**. Social media is proposed separately (KT-CEG-SOC-2026-001) and is out of scope here. The recommendation is a Professional Presence build (site, SEO, local profile), plus quote intake, review setup, and professional copywriting, with Professional Care after launch.

I look forward to the conversation.

Karen Marie Kasigila

Founder, KasiTech

Technology that helps businesses move faster.

SCOPE OF THIS DOCUMENT

Website · SEO · Local profile · Quote system · Copywriting · Care. Social media is proposed in a separate document.

Website engagement at a glance.

PROJECT Corporate Website Professional Presence · Quote · Reviews · Copy · Care	ONE-TIME INVESTMENT TSh 4,800,000 Base total · KT-CEG-WEB-2026-001	MONTHLY CARE TSh 150,000 Professional Care (CARE-PRO) / month
TIMELINE 14 days Discovery through launch readiness	PROPOSAL STATUS Confidential Ref KT-CEG-WEB-2026-001 · Pending acceptance	VALIDITY 30 days From 3 August 2026
DELIVERABLES SUMMARY Professional website (up to 20 pages/templates) · Blog/News · Projects · Case Studies · Team · Resource Centre · Careers · Professional SEO · Google Business Profile · Quote Request System · Review Strategy · Copywriting up to 10 pages · Analytics baseline · Operator training · Professional Care		
OUT OF SCOPE HERE Social media management is proposed separately (KT-CEG-SOC-2026-001). Optional website add-ons are listed later and are not in the base price.

■ PORTFOLIO MAP

Six verticals. One group story.

Publicly, Credo Energy Group is a Tanzanian conglomerate spanning energy, utilities, mobility, and digital infrastructure. The website should make that map clear in seconds.

PUBLIC CONTACT (FOOTER)
+255 686 882 769 · info@credogroupllc.com · Dar es Salaam (Africana / P.O. Box listed on site)

DESIGN IMPLICATION
Homepage and navigation must show all six verticals. Flagship Solar AC should stay visible. The group should not collapse into a single product page.

CURRENT DIGITAL ASSESSMENT

What a public review of credogroupllc.com shows.

Observations from publicly visible pages only (July 2026). Not a confidential audit. We do not invent projects, revenue, or headcount.

PLATFORM & PRESENCE

- Live WordPress site at credogroupllc.com (theme / plugin signatures visible in public HTML)
- Portfolio breadth is listed: solar AC, utilities, renewables, EV, drones, digital and telecom
- Instagram handle found in research: @credoenergygroup_ltd (ownership to be confirmed with Credo)

TRUST & ABOUT

- About page shows theme-style placeholder team names (e.g. Nina Soraia, Manuel Vanel, Joana Doe)
- Statistics on About appear zeroed, which weakens first impressions
- Footer copyright includes a typographical error (“All Rlght Reserved.”)

CONTACT CONSISTENCY

- Footer: Dar es Salaam · +255 686 882 769 · info@credogroupllc.com
- Contacts page also mentions Melbourne, which conflicts with the footer location story
- Buyers and partners should not have to reconcile office geography from the public site

ENQUIRY MISALIGNMENT

- Contact form options publicly include Web Design, Branding, Web APS, Graphic Support
- That taxonomy fits a creative agency, not an energy and infrastructure group
- Quote and consultation intent is diluted before sales can qualify the lead

ASSESSMENT SUMMARY

Credo’s public portfolio already shows multi-vertical ambition. The website undercuts that with placeholder About content, inconsistent contact cues, and misaligned form options. The fix is a clear professional presence, not more pages for their own sake.

TRANSFORMATION SPREAD

From template leftovers to a site buyers can trust.

Today

- ✖

Placeholder About and zeroed stats
Theme leftovers weaken partner confidence.
- ✖

Melbourne vs Dar es Salaam cues
Contact geography is inconsistent on public pages.
- ✖

Web Design / Branding form options
Enquiry taxonomy does not match the energy offering.
- ✖

Portfolio listed, not staged
Six verticals exist; storytelling and structure do not yet match.

Recommended

- ✔

Credo-authored About and leadership
Copywriting up to 10 pages replaces filler with real voice.
- ✔

Single, verified contact truth
Dar es Salaam facts plus GBP local profile, confirmed with you.
- ✔

Quote Request System
Energy-aligned intake: residential, commercial, municipal, distributor.
- ✔

Six-vertical portfolio grid and flagship Solar AC
Homepage stages the group; product pages go deep.

RECOMMENDED WEBSITE EXPERIENCE

Picture the homepage: brand first, then portfolio, then proof.

01

Hero

Full-bleed solar or city atmosphere. Credo name as brand signal. One headline. One short line. Primary CTA: Request a quote.

02

Portfolio grid

Six equal vertical tiles (Solar AC, Utilities, Renewables, EV, Drones, Digital and Telecom), each linking into its catalogue path.

03

Flagship Solar AC

Spotlight Solar Breeze, Tower, and Force with a clear next step into product detail. Not buried in a generic list.

04

Proof

Projects and case-study strip ready for Credo-supplied deployments. Empty claims are never invented.

05

Enquiry

Segmented quote path: audience and vertical first. Replaces the misaligned contact options on the live site.

VISUAL DIRECTION

Quiet confidence. Dark charcoal, white, and Credo energy imagery. Accent used sparingly for CTAs and wayfinding. Motion: reveal on scroll, soft focus on vertical tiles, progress on form steps. Never decorative noise.

MOBILE-FIRST

Field and executive mobile use first; desktop expands the same hierarchy. Quote CTA stays within easy reach of product interest.

Homepage · Products · Projects: page walkthrough.

Conceptual frames so leadership can picture the experience. Not final UI polish.

CREDO · HOME Energy systems for Africa's next decade. REQUEST A QUOTE HomepageHero · 6 verticals · Solar AC · Proof · Enquiry	PRODUCTS Six verticals. One coherent catalogue. BROWSE SOLAR AC ProductsTaxonomy by vertical · specs · quote CTA	PROJECTS Proof library: deployments that earn confidence. VIEW PROJECTS ProjectsTemplates ready · Credo-supplied content
--	---	---

01	Homepage Visitor lands on a brand-led hero. Within one scroll they see all six verticals. Flagship Solar AC is staged, not lost. Primary action is quote, not a vague “contact us.”	
02	Products Catalogue organised by vertical. Solar AC detail pages carry model clarity (Breeze / Tower / Force). Utilities, renewables, EV, drones, and digital each get a coherent path, within the WEB-PRO page budget.	
03	Projects Project and case-study modules (included in WEB-PRO) hold real deployments when Credo supplies them. Until then, structure exists without invented claims.	

About · Contact / Quote: trust and conversion surfaces.

These are the pages that currently hurt credibility the most. Here is how we would rebuild them.

ABOUT CREDO

A Tanzanian group building Africa's energy future.

MEET LEADERSHIP

About Real narrative · Team · No placeholders

CONTACT · QUOTE

The right enquiry path, first time.

START QUOTE REQUEST

Contact / Quote Segmented intake · Verified Dar facts

About: what changes

- ✓ **Credo-supplied leadership**
Placeholder names removed; Team module holds real people.
- ✓ **Professional copy (COPY-10)**
Up to 10 pages: About, product intros, and key landing narratives.
- ✓ **Stats only when verified**
Zeroed counters go; figures appear only when Credo confirms them.

Contact / Quote: what changes

- ✓ **Quote Request System (ADD-QUOTE)**
Purpose-built intake replacing Web Design / Branding options.
- ✓ **Audience + vertical fields**
Residential · Commercial · Municipal · Distributor, routed cleanly.
- ✓ **One contact truth**
Phone, email, and Dar es Salaam location aligned; Melbourne cue resolved with you.

ALSO INCLUDED IN THE PROFESSIONAL WEBSITE PACKAGE

Blog/News · Resource Centre · Careers · Case Studies · Analytics baseline. Available within WEB-PRO's page/template budget. We prioritise with Credo in discovery. We do not charge these modules again as add-ons.

Structure mapped to commercial value.

PRODUCTS	PROOF	COMPANY	CONVERT
Solar AC	Projects	About	Contact
Smart Utilities	Case Studies	Team / Leadership	Request a Quote
Renewables	Resource Centre	Careers	Google Business
EV · Drones · Digital		News / Blog	

Advanced IA · ≤20 pages	Multi-vertical navigation without burying flagship Solar AC or the telecom horizon story.	WEB-PRO · INCLUDED
Blog / News	Publishing space for product updates and group announcements. Operator-owned after training.	WEB-PRO · INCLUDED
Projects · Case Studies	Ready for Credo-supplied deployments. No invented portfolio.	WEB-PRO · INCLUDED
Team · Resources · Careers	Pages that replace placeholders and support hiring and partner diligence.	WEB-PRO · INCLUDED
Professional SEO Setup	Technical and on-page foundations so vertical keywords can compete. Not theme defaults.	SEO-PRO · IN BUNDLE
Google Business Profile	Local findability aligned to verified Dar es Salaam contact facts.	LOC-GBP · IN BUNDLE
Quote Request System	Energy-aligned intake. Fixes the live site's Web Design / Branding form mismatch.	ADD-QUOTE
Review Strategy Setup	Guide customers to leave and find reviews where buyers look.	LOC-REV
Copywriting · up to 10 pages	Replace filler About and product copy with Credo's professional voice.	COPY-10

Social media is out of scope for this proposal and is covered in a separate document (KT-CEG-SOC-2026-001).

INVESTMENT BREAKDOWN

This quote is TSh 4,800,000. Below is exactly what that buys, line by line.

ONE-TIME WEBSITE INVESTMENT	MONTHLY THEREAFTER
TSh 4,800,000	TSh 150,000 / mo

CODE	LINE ITEM	WHY THIS LINE	AMOUNT
BND-PRES	Professional Presence bundle Includes WEB-PRO (TSh 3,250,000 value) + SEO-PRO (TSh 750,000) + LOC-GBP (TSh 150,000)	Core corporate site for a multi-vertical group: advanced IA, up to 20 pages/templates, projects and case studies, SEO, and Google Business Profile. Standalone would be TSh 4,150,000. Bundle saves TSh 400,000.	3,750,000
ADD-QUOTE	Quote Request System	Live contact form options include Web Design / Branding, which does not fit Credo's energy offering. Purpose-built quote intake restores commercial fit.	300,000
LOC-REV	Review Strategy Setup	Trust hygiene alongside GBP. Guide customers to leave and find reviews where B2B and consumer buyers look.	100,000
COPY-10	Copywriting • up to 10 pages	About page shows placeholder team names and zeroed stats; product copy needs a professional voice. Replaces filler. Does not invent facts Credo has not confirmed.	650,000

ONE-TIME TOTAL	TSh 4,800,000
3,750,000 + 300,000 + 100,000 + 650,000	

BUNDLE SAVINGS WEB-PRO + SEO-PRO + LOC-GBP standalone = TSh 4,150,000. BND-PRES charges TSh 3,750,000. You save TSh 400,000.	MONTHLY • CARE-PRO TSh 150,000 / month Professional Care after launch. Billed separately from the one-time total.
--	---

INCLUDED IN WEB-PRO (DO NOT CHARGE AGAIN)

≤20 PAGES/TEMPLATES	ADVANCED IA	BLOG / NEWS	PROJECTS / PORTFOLIO	CASE STUDIES	TEAM / LEADERSHIP
RESOURCE CENTRE	CAREERS	ANALYTICS BASELINE			

ONGOING PARTNERSHIP

Professional Care: after launch, the site stays sharp.

CARE-PRO · PROFESSIONAL CARE

TSh 150,000 /month

Monthly care for a higher-stakes site. Exact hours, SLA, and backup allowances are confirmed in writing with your quotation.

Upkeep

Updates, monitoring posture, and continuity so Credo’s site does not drift back into neglect.

Content support

Room within the Professional tier to keep key pages current as products and messaging evolve. Confirmed in quotation.

Partnership rhythm

A continuous monthly relationship, not a “fix it when it breaks” vendor model.

HOW CARE SITS AFTER LAUNCH

WHAT CARE IS NOT

Care is not a rebuild, a new vertical launch, or social media management. Major new scope is quoted separately. Social is proposed in a separate document (KT-CEG-SOC-2026-001). Priority Care is an optional upgrade path (see Optional add-ons).

BILLING

Professional Care is billed monthly in advance, commencing at launch (or as agreed in the quotation). One-time website fees follow the 40% / 40% / 20% schedule on page 03 and the Acceptance page.

DELIVERY PLAN

Fourteen days: discovery to launch readiness.

SPEED CONDITION

This 14-day path holds when Credo turnaround on feedback and content is prompt. Delayed approvals or missing assets push the calendar.

Days 1 to 3	Discovery, IA, content workshop KICKOFF · CONTENT AUDIT · ARCHITECTURE · CONTACT TRUTH Confirm vertical priorities, Melbourne/Dar facts, leadership assets, and quote fields with Credo stakeholders.
Days 4 to 7	Design + approval HOMEPAGE · PRODUCT · ABOUT · QUOTE · DESIGN APPROVAL GATE Visual direction locked. 40% design-approval payment unlocks full build.
Days 8 to 12	Build, CMS, quote, SEO, GBP, copy WEB-PRO MODULES · ADD-QUOTE · SEO-PRO · LOC-GBP · LOC-REV · COPY-10 Copywriting lands on priority pages as Credo reviews drafts.
Days 13 to 14	QA, training, launch readiness UAT · OPERATOR TRAINING · GO-LIVE CHECKLIST · CARE-PRO START Final 20% on launch readiness, prior to go-live.

Deliverables checklist

Professional website · up to 20 pages/templates	Advanced information architecture
Blog/News · Projects · Case Studies	Team · Resource Centre · Careers
Quote Request System	Professional SEO Setup
Google Business Profile setup	Review Strategy Setup
Copywriting · up to 10 pages	Analytics baseline
Operator training	Professional Care commencement

OPTIONAL ADD-ONS

Not included in the base investment.

These add-ons are optional. They are not in the base price of TSh 4,800,000. They are only added if Credo chooses them. Prices match the KasiTech catalog (KT-PB-2026.1).

CODE	ADD-ON	WHAT IT IS · WHY CREDO MIGHT WANT IT	PRICE
ADD-STEP	Multi-step Form	Guides residential vs municipal vs distributor buyers through different questions. Useful when six verticals mean one flat form will waste sales time. Fixes broken enquiry paths with better qualification.	250,000
ADD-FILE	File Uploads	Let buyers attach specs, RFPs, or site photos with enquiries. Tender and B2B buyers often need to send documents before a call. Sales starts with context, not a blank thread.	100,000
ADD-SRCH	Advanced Site Search	Find products and specs across six verticals fast. Helpful when a municipal or distributor visitor knows the model family but not which Credo page holds it.	350,000
ADD-LAND	Custom landing page	A focused page for a campaign or product launch (for example CREDO TELECOM). Keeps launch messaging out of the main homepage clutter while ads and outreach point somewhere specific.	250,000
LANG-ENSW	Bilingual EN/SW	Proper English and Swahili coverage for Swahili-first audiences. Relevant for residential Solar AC, utilities, and public-facing renewables where English-only pages leave buyers behind.	400,000
ADD-BOT	Website Chatbot	Triage product questions before sales. Useful across Solar AC, meters, and renewables when after-hours or high-volume product FAQs clog the inbox.	350,000

OPTIONAL CARE UPGRADE (NOT ADDITIVE TO CARE-PRO)

Priority Care (CARE-PRI) at TSh 300,000 / month is an upgrade path if Credo wants faster response than Professional Care. It replaces CARE-PRO. It is not stacked on top of the TSh 150,000 / month plan. Choose one care tier.

HOW TO ADD THESE

Tell us which codes you want at kickoff or during discovery. We confirm them in the formal quotation. Social media remains separate (KT-CEG-SOC-2026-001) and is not listed here.

PARTNERSHIP

Why KasiTech, and what happens next.

Evidence before decoration This proposal is grounded in a public review of credogrouppllc.com: placeholders, contact inconsistency, misaligned forms. Not generic pitch slides.	Catalog discipline Every line maps to approved catalog codes (BND-PRES, ADD-QUOTE, LOC-REV, COPY-10, CARE-PRO). No invented SKUs or shadow pricing.	Clear scope Build once with Professional Presence. Maintain with Professional Care. Social can join later via its own proposal. Optional add-ons only if Credo chooses them.
